

GRO-POWER® PREMIUM GREEN® MICRO-BALANCE® 0-0-10

A complete Micronutrient package with K + Fe

10% Potassium • 4% Iron • Micronutrients • 4% Humic Acids

Gro-Power® Premium Green® Micro-Balance® 0-0-10 was developed to supplement turf areas with all the necessary micronutrients (plus potassium and iron) necessary for optimum turf growth. Turf areas, especially sand based greens, are unusually lacking or have inadequate levels of micronutrients. **Gro-Power® Premium Green® Micro-Balance® 0-0-10** can be used on existing or newly sown greens, tees, bowling greens, and sportsfields to prevent micronutrient deficiencies.

This clean homogeneous greens grade (100 SGN) fertilizer / micronutrient package is highly available and the granules dissolve quickly. The particle size for greens grade product will insure even distribution, rapid penetration into the rootzone and minimum mower pick-up.

Gro-Power® Premium Green® Micro-Balance® 0-0-10 is also unique in that it contains the highest quality Humus and Humic Acids (4%) and beneficial soil bacteria.

Gro-Power® Premium Green® Micro-Balance® 0-0-10 formulation, besides supplying all the micronutrients, provides high quality potassium sulphate which will help provide increased disease resistance, summer durability and winter hardiness for turf. The product also supplies a non-staining iron to help green up turfgrass. **Gro-Power® Premium Green® Micro-Balance® 0-0-10** is a supplement to existing fertilizer programs.

NO CHLORIDES • NO SEWAGE OR SLUDGE • NO ANIMAL OR POULTRY MANURE

WILL NEVER LAYER OR BUILD UP IN SOIL OR GREENS MIX

RECOMMENDED APPLICATION RATES:

Apply 1 to 2 times a year or per recommendations based on soil and/or leaf analysis test report.

Apply at 2 ½ lbs. to 3 ½ lbs. of product per 1,000 sq. ft.
--

(equals ¼ lb. to ½ lb. of potassium)

In stress and/or high heat situations, apply at 1½ to 2 lbs. per 1,000 sq. ft.

1- 40 lb. bag at 2 ½ lbs. per 1,000 sq. ft. of product will cover 16,000 sq. ft.

WATER THOROUGHLY AFTER APPLYING FERTILIZER

NEW CONSTRUCTION / RENOVATION:

(Incorporation Rates)

Use Gro-Power® 5-3-1 (standard grade)* at 200 lbs. per 1,000 sq. ft. or 20 lbs. per cubic yard, or 8-8-8 /MU at 100 lbs. per 1,000 sq. ft. or 8 lbs. per cubic yard of mix for green / sand base fields. Gro-Power® Micro-Balance 0-0-10® at 4-6 lbs. per cubic yard of mix.

*See Gro-Power® 5-3-1 in our General Landscape & Horticultural Catalogue

GRADE AVAILABLE:

Greens Grade – 14 + 35 (100 SGN)

GRO-POWER® PREMIUM GREEN® MICRO-BALANCE® 0-0-10

GUARANTEED ANALYSIS:

Soluble Potash (K ₂ O).....	10.00%
Calcium (Ca).....	5.00%
Magnesium (Mg).....	3.00%
Sulphur (S).....	3.00%
Boron (B).....	0.01%
Copper (Cu).....	0.05%
Iron (Fe).....	4.00%
Manganese (Mn).....	6.00%
Molybdenum (Mo).....	0.002%
Zinc (Zn).....	1.00%

Derived from potassium sulfate, calcium carbonate, calcium sulfate, magnesium oxide, compost, sodium calcium borate, copper oxide, iron oxide, manganese oxide, sodium molybdate, zinc oxide.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:

4% Humic Acids (derived from compost)

PACKAGED:

40# bag – 50 bags per pallet
