

SPECIFICATIONS:

PREMIUM GREEN IRON 40%Fe 6% Sulfur • Micronutrients • 2% Humic Acids

Gro-Power® Premium Green® Iron is a high-analysis NON-STAINING Iron, with other micronutrients (manganese, zinc, magnesium) combined with Humic Acids (2%). It is a readily available slow-release natural iron source that is environmentally safe.

Gro-Power® Premium Green® Iron is an excellent alternative for aiding in greening up turfgrass without the top growth resulting from applications of high nitrogen fertilizers.

Gro-Power® Premium Green® Iron is ideal for correcting iron chlorosis in plants, especially “Acid-Loving” plants like Azalea, Camellia, Gardenia, and Rhododendron.

Gro-Power® Premium Green® Iron is an ideal supplement to your fertilizer program.
